Supplier Code of Conduct and Guidelines

Sri Trang Gloves (Thailand) Public Company Limited

Introduction

Sri Trang Gloves (Thailand) Public Company Limited ("the Company") and subsidiaries have determined to operate the business for sustainable growth in accordance with the principles of good corporate governance along with social and environmental responsibility. The Company realizes and places importance on the sustainable development of the supply chain and fair trade including the implementation of human rights principles, occupational health, safety, attention to environmental impact and business integrity.

The company has provided a code of conduct and guidelines with the intention to promote suppliers to operate business sustainably and in accordance with the Company's business practices. The Supplier Code of Conduct and Guideline is also an opportunity for the company and suppliers to participate in social and environmental development to create sustainable growth together.

The principles defined in this Supplier Code of Conduct and Guidelines include the requirements, regulations, relevant laws and code of conduct of the Company as well as charter and other standards which are recognized internationally such as the International Labor Organization, UN Global Compact, etc.

<u>Guidelines for Supplier</u> are divided into 4 aspects as follows:

1. Corporate Governance

1.1 Business Ethics

- Fairness: the operation must base on the compliance with rules and ethics and do not
 take any action causing an unfair competitive advantage. The decision making in business
 collaboration depends on the concrete criteria such as price, quality, service features,
 credibility and verifiable.
- Confidentiality: personal data is collected and used properly (including data of employees, business partners, customers and consumers) following personal data protection acts, do
